HARMONY

Recessed LED Wall Sconce

Harmony recessed LED wall sconces are solid plaster lighting solutions made from gypsum, an abundant and stable mineral found in the Earth's crust. Our wall sconce is paintable, texturable, and manufactured at the highest possible level 5 plaster finish. Designed with a SMD LED that is high performance, low power that provides outstanding reliability and color quality/consistency. 3000K color temperature is available with 80 CRI.

- Revolutionary flush mounted trimless and seamless design which offers consistent aesthetics
- Energy efficient LED light engines
- IC Rated UL approved fixtures
- Environmentally friendly materials
- Internal driver included
