LINEAR COVE

Plaster Recessed LED Profile

Revolutionary plaster recessed LED profile is a trimless and seamless solution to traditional aluminum recessed LED channels and diffusers. Our handcrafted gypsum mold uses indirect lighting to hide LED tape and create a continuous luminance without a lens. Our cove lighting is easy to clean and made from environmentally friendly green materials. Linear Cove is field cuttable for custom designs without seams. It is available in continuous 3-foot lengths and 12, 24, and 40-inch circles.

- Revolutionary flush mounted trimless design which offers consistent aesthetics
- Made out of Environmentally Friendly plaster materials
- Our plaster fixtures can be painted with standard paint colors.
- Can house any UL energy efficient LED light strips available in the market
- Lens free installation
- LED tape and power supply NOT Included
- Built-in aluminum channel for heat dissipation & easy stick LED tape installation (3m)
- Wet location rated when painted with water-proof paint
- Field cuttable. Tightly secure flat side down. Use a high RPM fine toothed table saw to cut.
- For best results, do not paint the inside of the fixture. If painting is necessary we recommend using a spraying technique. Painting with a brush will reveal brush strokes when illuminated.

Ordering Guide

LINEAR PROFILE

- ❑ LG - 5001 - Linear Cove

END CUPS

- ❑ 5002 - Left End Cup
- ❑ 5003 - Right End Cup

CORNERS

- ❑ 5004 - Inside Corner Profile
- ❑ 5005 - Outside Corner Profile
- ❑ 5006 - Ceiling to wall

CIRCULAR PROFILES

- ❑ 5007/1 - 12" Circle
- ❑ 5007/2 - 24" Circle
- ❑ 5007/3 - 1/4 40" Circle
