Aluminum Track  
For Plaster & Wood Combination

Project Information:	Project Name:
Fixture Type:	Location:

## KNIFE EDGE

### Invisible Track Light System - for a combination of wood and plaster

Revolutionary Knife Edge invisible track light rail system. This versatile track system is field cuttable and can be used to finish drywall, wood or a combination of drywall and wood. Optional spot head lighting attachments for Knife Edge have a full range of mobility and are field changeable, allowing for placement adjustments throughout the rail system.

Optional LED lighting engine is high performance, low power that provides outstanding reliability and color quality/consistency. 2700K, 3000K, 3500K, 4000K color temperatures are available with 95 CRI. Warm dim and tunable white LEDs are also available.

- Applications: track lighting, cove lighting, finishes for drop ceiling and soffit ceilings
- Fixtures are offered with a choice of spot, narrow flood or flood beam pattern
- Life Rated for 40,000 hours at 70% lumen maintenance
- All testing reports are based on published industry procedures

## Product Features

- Revolutionary flush mounted trimless & seamless design which offers consistent aesthetics
- Aluminum profile available in black and white
- Easy installation for new construction and remodel applications
- Field cuttable
- Rail can be used for architectural details
- Applications: Cove lighting, Edge Lighting, Custom pockets for HVAC, Tracks, Cameras, etc.
- Finishes for Drop ceilings, Soffit ceilings
- Field cuttable. Tightly secure flat side down. Use a high RPM fine toothed table saw to cut.
- Damp Location Rated

## Ordering Guide

### PRODUCT CODE

**LG - 5008PW** - 6.5' length\*

### TRACK COLOR

**BL** - Black (STANDARD)

**WH** - White

### Example Number

[LG-5008PW\\_BL](#)

### Order Number

[LG-5008PW](#) \_\_\_\_\_

\*You will need to order one length per side for a channel  
You only need to order one side for drop or soffit ceiling

## LG-5008E

### 6 Foot - 3 Wire Track

#### 1 Circuit Track - Multi Compatible

##### TECHNICAL DETAILS - LG-5008E

###### Body Construction

- Constructed of durable injection-molded plastic, steel and Aluminum

###### Electrical

- 1-Circuit power distribution system designed to extend the power between two track sections. With two (1) hot terminals and one common neutral, each circuit is rated 20A.

###### Compatibility

- Track is Compatible with all Light and Green 3 wire track fixtures 1 circuit accessories and connectors.
- The track and it's accessories include screws to secure it in place.
- All track sections supplied with two insulated end caps.

###### Description

- Light and Green 1-phase track is a high quality track system for the professional lighting market.
- The comprehensive range of Light and Green track accessories, gives Designer's the freedom choice, while making a track plan. The track can be easily shortened, with a metal saw. After cutting the track it is ready to install (no wiring adjustment needed).

###### Mounting

- The LG-5008E can be mounted as a Flush Pendant.

##### DESCRIPTION - LG-5008E

- Light and Green LG-5008E 1 Circuit Track
- 6 feet (72 inches)
- Available in Black and white
